**NOTICE OF PANEL APPOINTMENT**  
**Department of Health and Human Services – Victoria**

Fleetwood Corporation Limited (ASX: FWD) (**Fleetwood**) is pleased to announce its tender for appointment to the Victorian Department of Health and Human Services' modular builders panel has been successful, subject to executing formal contract documentation. Revenue potential is uncertain at this point.

The appointment aligns with Fleetwood's strategy of expanding the Modular Accommodation segment's social housing footprint by working closely with State Government and social housing providers.

The panel will deliver 1,000 modular homes over the course of the 'Homes for Victoria' project.

The Department of Health and Human Services (DHHS) is responsible for managing public housing in Victoria and as part of the Victorian Government's 'Homes for Victoria' \$2.7 billion investment into social housing, is planning to redevelop ageing public housing estates into vibrant, better-connected, mixed-tenure neighbourhoods where people can live in housing that is safe and secure whilst also meeting modern standards. The DHHS currently manages approximately 66,000 public housing units across Victoria.

The DHHS's use of modular homes is intended to increase and improve the affordable housing options available in Victoria and will comprise two categories of dwellings – standalone houses and multi-level units – with home sizes ranging from one to three bedrooms.

Managing Director Brad Denison said, *"Our team has been working on this particular opportunity for some time, and we are proud to be part of such an exciting program."*
